

SafeOwl OWLY 1

Kids' Safety Comes First.

Built by Parents. Made for Families

SafeOwl is a family safety technology brand dedicated to helping children explore confidently while giving parents greater peace of mind. Through thoughtfully designed connected devices and intuitive software, SafeOwl empowers families with secure communication, real-time location awareness, and everyday safety tools that support children's growing independence.

Real-Time Location Tracking

GPS, Wi-Fi and cellular positioning with SafePath™, Safe Zones, and location history.

Redefining Video Calling with Dual Cameras

Dual 5MP + 8MP cameras give families another way to see, hear, and stay connected with their child for added safety.

Stay Connected with People You Trust

HD voice/video calling and secure voice, photo and text messaging with approved contacts.

SOS Alerts with Location + Recording

Press and hold for emergency assistance, including location information and 7s audio.

Designed for Kids

2 ATM water resistance, shock-resistant construction, Panda glass and up to two days of battery life.

RECOGNIZED BY SAFEWISE as The Best Up-and-Coming Kids Smartwatch.

SafeWise, an independent home and family safety resource known for reviewing security and kids-safety products, reviewed OWLY 1 ahead of its launch.

The OWLY 1 is "one of the most accurate GPS trackers I've tested".
-Cathy Habas, Safewise
